## *FOREWORD*

As our high school years draw to a close, we find ourselves involved in a great transition. Not only have we moved to a new building but we have also become aware of a great personal change. We find ourselves confronted with the fact that these precious years at Woburn High are fast becoming a memory instead of a reality. Time was once so slow in passing; now we find it speeding away from us, eluding us, and deceiving us. A sudden realization comes that time does not stand still and that our tomorrows become yesterdays.

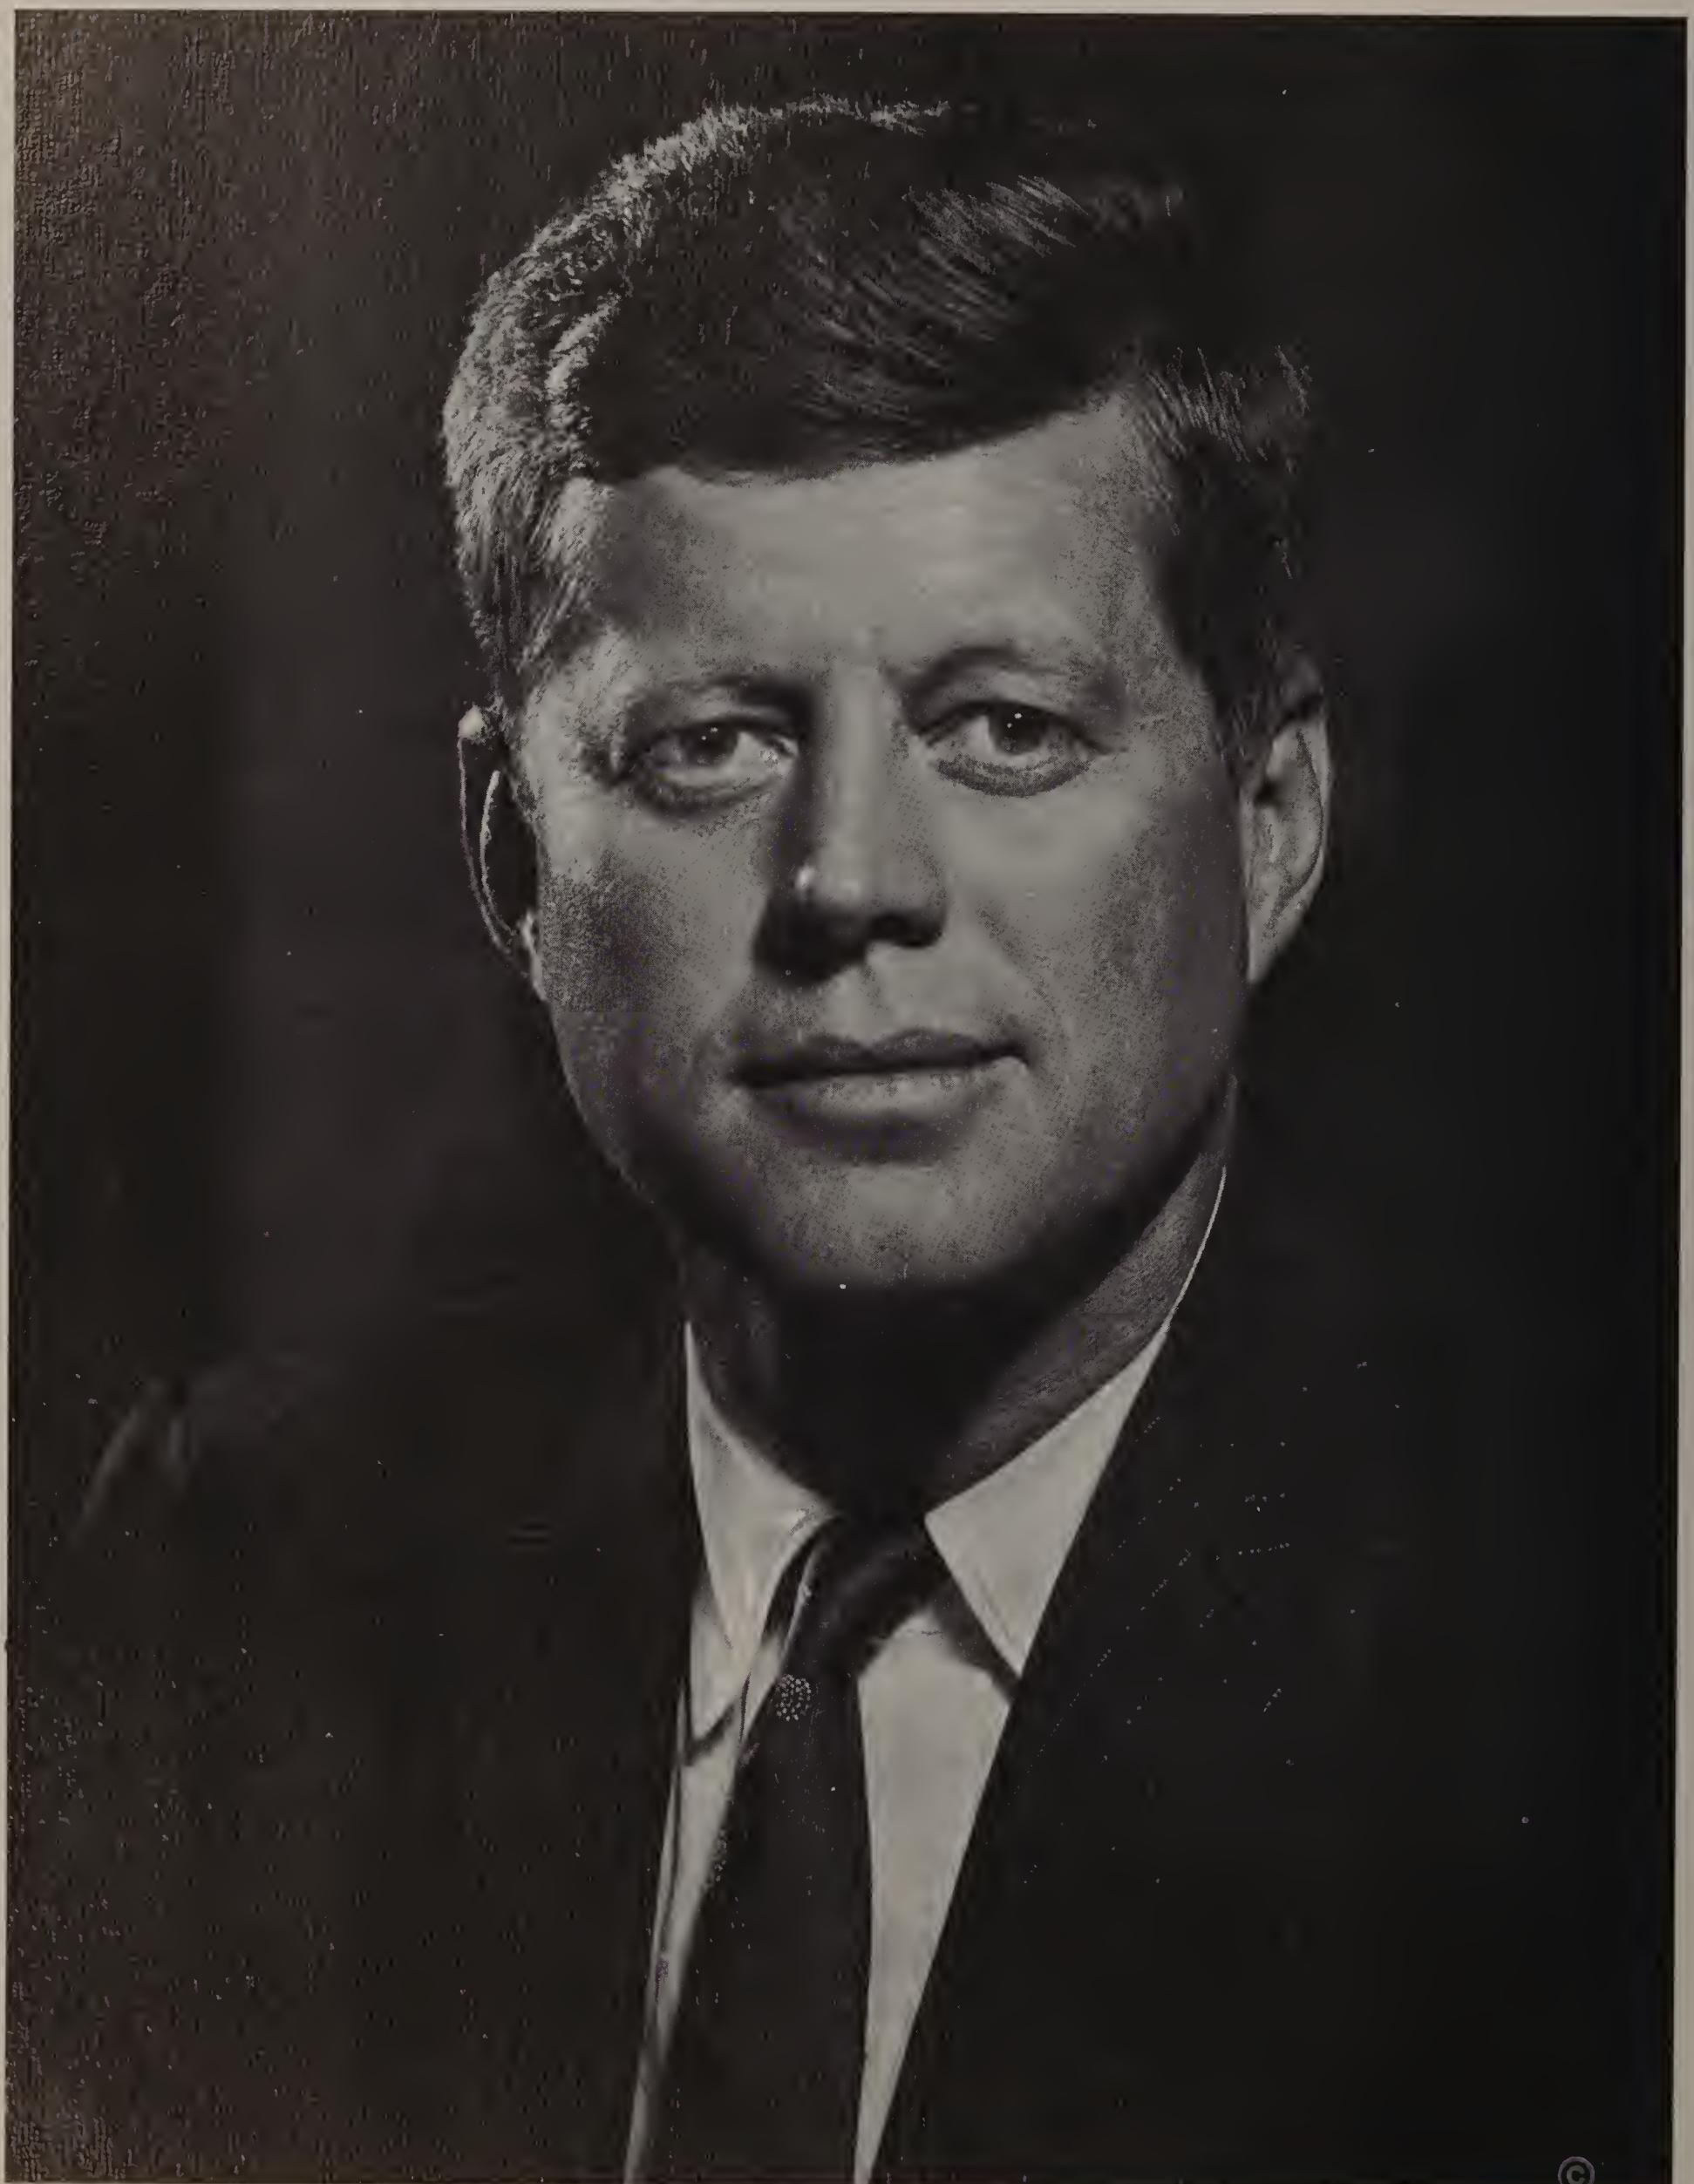

We stand at the portals of a new world, ready to meet its problems and reap its rewards. Yet, prepared though we may be for this new challenge, we cannot possibly forget our high school years — memories of after-school chats with our teachers . . . proms . . . variety shows . . . a crowded lunch room . . . the agony of third lunch. These moments have passed, but they will remain in our hearts forever as a glowing tribute to our high school days, for, though change inevitably comes, memories can never be forgotten.

*In Memoriam*

JOHN FITZGERALD KENNEDY  
35th President of United States

There was a sound of laughter; in a moment, it was no more. And so she took a ring from her finger and placed it in his hands.

There was a wit in a man neither young nor old, but a wit full of an old man's wisdom and of a child's wisdom, and then, in a moment it was no more. And so she took a ring from her finger and placed it in his hands.

There was a man marked with the scars of his love of country, a body active with the surge of a life far, far from spent and, in a moment, it was no more. And so she took a ring from her finger and placed it in his hands.

There was a father with a little boy, a little girl and a joy of each in the other. In a moment it was no more, and so she took a ring from her finger and placed it in his hands.

There was a husband who asked much and gave much, and out of the giving and the asking wove with a woman what could not be broken in life, and in a moment it was no more. And so she took a ring from her finger and placed it in his hands, and kissed him and closed the lid of a coffin.

A piece of each of us died at that moment. Yet, in death he gave of himself to us. He gave us of a good heart from which the laughter came. He gave us of a profound wit, from which a great leadership emerged. He gave us of a kindness and a strength fused into a human courage to seek peace without fear.

He gave us of his love that we, too, in turn, might give. He gave that we might give of ourselves, that we might give to one another until there would be no room, no room at all, for the bigotry, the hatred, prejudice and the arrogance which converged in that moment of horror to strike him down.

In leaving us — these gifts, John Fitzgerald Kennedy, President of the United States, leaves with us. Will we take them, Mr. President? Will we have, now, the sense and the responsibility and the courage to take them?

I pray to God that we shall and under God we will.

Eulogy by Senator Mike Mansfield

DR. J. FRANK HASSETT  
Superintendent

In keeping with the theme of your yearbook, namely, "Transition", I note with pleasure that the entire Woburn School System has steadily advanced in all areas since 1945. I have observed the following changes:

- a) The total school enrollment was 2,927; it is now 7,078. The High School enrollment was 599; it is now 1,638.
- b) The cost of education in Woburn in 1945 was \$337,768.92; it is now over two million dollars.
- c) The total number of teachers in the Woburn Schools was 73 with 26 in the High School; there are now 295 teachers employed with 83 in the Senior High School.
- d) A new 1200 pupil Junior High School was constructed and opened in 1962, and a new Cafeteria Hot Lunch Program has replaced the old-style large diploma for framing. (7) Microfilming is used for all student records. (8) The Home-School telephone intercommunication facilities are now used for physically handicapped students.

Other important changes and improvements made in the Senior High School over the past several years: (1) Department Heads plan and direct the curriculum in each subject area. (2) Subject Coordinators coordinate the students in their present and future education and employment. (4) An excellent Library with a full-time librarian. (5) A Guidance Department counsels and advises students in their present and future education and employment. (6) A new 1200 pupil Junior High School was constructed and opened in 1962, and a new Cafeteria Hot Lunch Program has replaced the old-style large diploma for framing. (7) Microfilming is used for all student records. (8) The Home-School telephone intercommunication facilities are now used for physically handicapped students.

In view of the many advancements noted above, I would conclude by saying that whether your formal education terminates with graduation from Woburn High School, or you go on to institutions of higher learning, you may feel confident that your preparation compares favorably with that of graduates from any other secondary school.

## PRESENTING MR. JEROME J. LYNCH

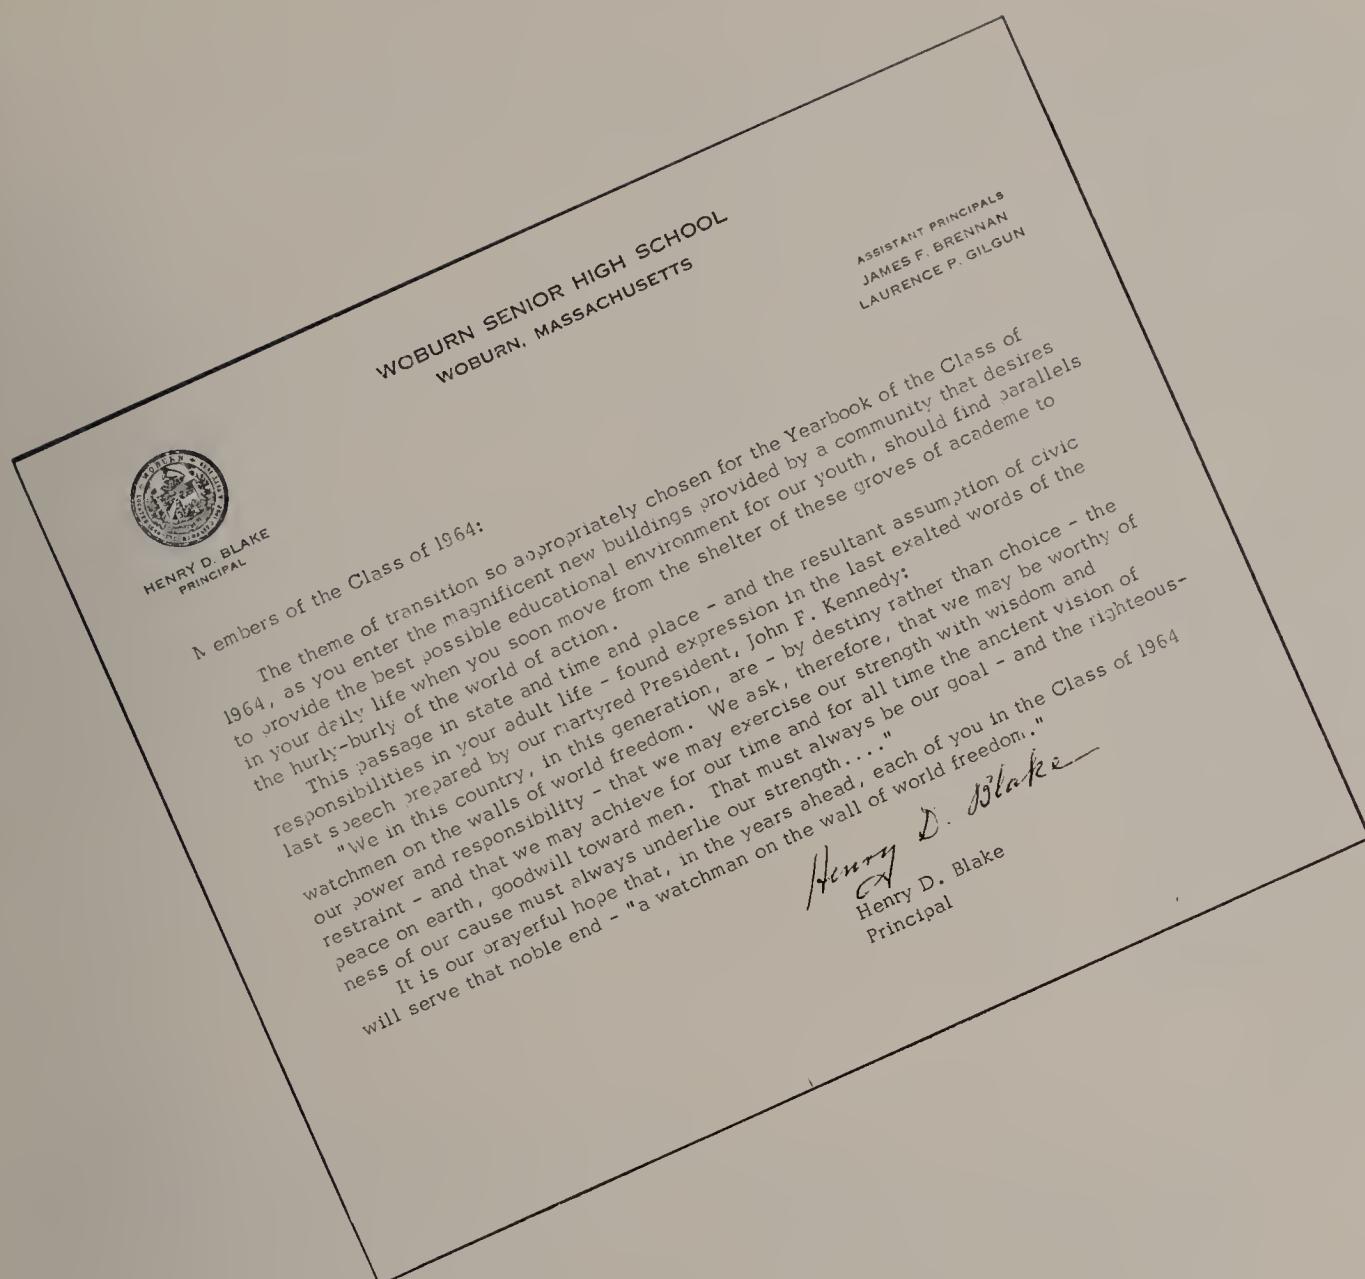

Woburn is both proud and fortunate to have Jerome J. Lynch as our new Assistant Superintendent of Schools. Mr. Lynch was born in Woburn, attended Woburn public schools, and graduated as President of the Senior Class in 1930. In 1934 he graduated from Boston College and later received a master's degree. During World War II, Mr. Lynch, then a teacher in the Woburn school system, enlisted in the Navy.

Burlington seemed to realize the great talents and capabilities of Mr. Lynch, for in 1947 Burlington's School Committee elected him as Superintendent of Schools. At a time when Burlington was growing at an amazing rate, Mr. Lynch succeeded in keeping the school building program on a par with the influx of students. He also drew up facts, figures, and charts mapping Burlington's growth potential; at this time Mr. Lynch succeeded in attaining a Certificate of Advanced Study from Harvard.

In 1963 former resident Jerome J. Lynch returned to his home city to assume the post of Assistant Superintendent of Schools, a role to which he brings enthusiasm, foresight, and knowledge.

Dr. Hassett and Mr. Lynch inspect the High School Addition.

# INFORMATION, PLEASE

Before embarking on your post-high-school "journey of 1,000 miles," plan to take that first step from our Guidance Department. This year Woburn High boasts of having a very modern and well-equipped Guidance Center.

First-hand information on college, vocational training, and scholarships is always available here. Individual problems are brought to the attention of a competent staff, which now includes Woburn High's first woman counselor, Miss Mary Chase.

So, if you are interested in higher education, if you are in the market for a part-time job, or if you are merely contemplating the future, we refer you to the Guidance Department and its treasury of data.

## *TOMORROW'S VOTE IN THE MAKING*

There is no subject matter more pertinent to the understanding of the vast, complex world in which we live than Social Studies. Why? Because every problem that plagues our society is a consequence of some past historical event.

In view of this fact, Woburn High offers Ancient History, World Geography, and American History as a prerequisite to the senior-year Problems of Democracy course. In this course all the aspects of our democratic system are analyzed in depth,

to afford each student true insight into and consequent understanding of our way of government.

Likewise, no subject matter offers as many diversified applications in later life as Social Studies. Who knows? The memory of a political issue expounded in an American History or a P.O.D. class might well determine in future years the party that you belong to, the newspaper that you read, or even the vote that you cast.

## CHARM CHATTER

Are you interested in improving your personality? Are you tired of merely blending into the background at parties? If so, take one of the interesting new courses offered by the Home Economics Department.

The days when a home economics course encompassed little more than simple clothes construction and design are long past. Such varied subjects as child care, personality development, and family relations are all carefully considered in the course called Family Living.

Other new courses such as Clothing and Wardrobe Construction are planned to aid a girl in quest of a new, attractive appearance and personality.

With such an abundance of charm as is exhibited by members of any one of these courses, Woburn High males had best be on their guard!

## THE READING EXPLOSION

As a pastime, reading is rapidly gaining momentum at Woburn High. Students have been very impressed with the new library, which has books, magazines, pamphlets, and periodicals galore.

A reference room, a large reading room, and two conference rooms are part of the new library. Naturally, the students can now study or do research work in an atmosphere conducive to concentrated mental activity.

Our library, under the efficient direction of Miss Helen Sheeran, has a twofold purpose: to supply the immediate needs of the student body and to stimulate a desire for continuing education in later life through the use of libraries.

## *REVISION IN READING*

Mr. Paul Murphy, chairman of the English Department informs us that the English curriculum is under constant appraisals and the results are both fascinating and excellent.

For example, the Developmental Reading Program teaches each student to adapt his reading to his particular purpose. Instruction is given in skimming — selecting only the important ideas. The student is also taught how to read for the purpose of study.

Another reading program — Remedial Reading — drills improvement in the basic skills. Intensive work is done in reading also. Only students who are willing to co-operate and who have the greatest discrepancy between reading ability and level of expectation are selected for this program.

Indeed, there are many ways of reading, but at W.H.S. the English Department emphasizes constant improvement of this valuable skill.

Eh! . . . tomorrow YOU play Macbeth.

What's the fastest-growing department at Woburn High School this year? Why, the Art Department, according to Mr. Frank Newark. Proof of this statement may be offered by these facts: the size of the staff has doubled, the size of the room has doubled, and the emphasis is now being placed on crafts, such as the making of copper enamel.

Copper enamel, made with the use of a kiln, is now used to fashion pendants, earrings, bracelets, and even tie clips. Indeed, we seriously suggest that any student, male or female, wishing to increase his or her jewelry collection, make arrangements to take a course in art immediately.

For those who can remember when the art course utilized little more than drawing paper and a box of crayons, this is certainly a great change!

# MUSIC, ANYONE?

Presenting Mr. Edson Kimball, the versatile head of Woburn High School's ever-growing Music Department. This year Mr. Frank A. Modica is his capable assistant.

Of special interest to Mr. Kimball and the school is the Annual Concert, produced by the music departments and students of both Andover and Woburn High Schools. This year the musical performance is in conjunction with the dedication of the new addition.

In one of the new buildings, within the soundproof walls of the practice rooms, the band, orchestra, and glee club can now practice "Black and Orange" each Monday morning without distracting any students from their would-be "purposeful" study.

Mr. Kimball directs a practice session.

## SCIENCE IN THE SIXTIES

New and interesting courses are being offered in the fields of biology, chemistry, and physics. For example, a new biology course, placing emphasis on inquiry, is being offered to senior biology classes this year. This course, called BSCS, is based on the cell theory.

Of course, we don't remember the "1930's," but our current advanced chemistry course is equivalent to graduate work in chemistry in "the 30's."

This year the PSSC physics course is attempting to capture the imagination and attention of potential astronauts, astronettes, nuclear physicists, and the like, by stressing the unity of time, space, and matter. With such important work going on in physics classes, the first man (or woman) on the moon may well be a Woburn High graduate!

According to my calculations, it would be cheaper to BUY the perfume.

## *PARLEZ-VOUS, ANYONE?*

How will you be spending a Saturday afternoon a few years from now: Shopping in Paris? Skiing in Berne? Sight-seeing in Madrid? "Never!" you say. "Why not?" says technology whose progressive strides in transportation and communication have already "narrowed the world into a neighborhood" and lent a cosmopolitan aspect to our daily lives.

Therefore, the study of foreign languages has come to play an integral role in educational systems throughout the country. Woburn High is following this tread. The Foreign Language Department has not only a language laboratory but also includes both Russian and German in its curriculum.

Linguistic skill, merely an asset today, will certainly become a necessity tomorrow, when the Atlantic has dwindled to a backyard fence. How else will you ever get to know "the neighbors?"

## ENGINEER'S PLANNING BOARD

Our new Technical Drawing Department will offer three courses specifically designed to prepare students for an engineering career. First, basic fundamentals will be described in Technical Drawing I: advanced students taking Technical Drawing II will actually go beyond the tracing stage to the drawing of plans.

Finally, in Pre-Engineering Drawing, students will learn the uses and application of technical drawing. In no time at all, we will be able to point proudly to bridges and roads built by graduates of Woburn High School.

## INDUSTRY ADVANCES

"Interpretation of Industry in the School" is the basic philosophy of the Industrial Arts Department. The department itself is sub-divided into four major sections: woodworking, metal shop, technical drawing, and graphic arts. In each division, new, heavier, and more professional equipment is being introduced for use by advanced students.

For example, woodworking will go into both hand-and machine-tool operations; metalworking will even include welding, padding, graphic arts, etc.; and the graphic arts section, supervised by Department Head Wilfred Walsh, will even have room for photoprocessing.

## PHYSICAL FITNESS AT W.H.S.

Are you a ninety-pound weakling? Do people stare and laugh at you? Woburn High School now has the solution to this problem — the recently constructed Physical Education Department. With the addition of two new gymnasiums, that have such excellent apparatus, there's no excuse for anyone appearing fragile.

In addition, a new baseball and football field have been

provided for boys who are interested in physical fitness. Girls have not only new fields for softball and field hockey, but also beautiful tennis courts as well. In the not-too-distant future, the girls will also have a golf team of their own.

Because of all these improvements, we make this prediction: Woburn High will soon have a perfect record — no losses, all wins!

## *BRIGHT HORIZONS FOR BUSINESS COURSE GRADUATES*

Don't be surprised if the sunny receptionist in a large metropolitan office building looks familiar. She (along with the clerk, secretary, and bookkeeper working behind the scenes) may well be a product of Woburn High's Business Education Department.

There are a tremendous number of job opportunities available to well-qualified applicants. Preparation for these careers has always been the primary aim of the business education curriculum which now boasts of a new course — Consumer Education.

This course, along with the traditional typing, stenography, and bookkeeping, is now available to all our young, aspiring secretaries and "hommes d'affairs" who hope one day to venture into the business world.

## ***MATH MOVES AHEAD***

"Progressive" is the word for our rapidly expanding, forward-looking Math Department. Our new math courses, offered at honors, standard college prep, and general levels in grades nine through twelve, offer many surprises.

A college prep math student of ten years ago would be lost in a modern standard level math course. If he were to venture into an honors class, which differs from the standard courses in its scope, depth, and rate of progress, he would be totally bewildered, for our math program is moving forward at a dizzy pace and will soon be second to none in the state.

Eventually, one ninth-grade group will complete the high school math course by the end of grade eleven. From here on, the sky is the limit. Einstein never had it so good!

## *Dedication*

The Class of 1964 dedicates this yearbook to an outstanding member of the Woburn High School faculty. This small tribute is our way of acknowledging the innumerable contributions, both tangible and intangible, that this faculty member has made to the entire student body.

His classroom has always been the center of activity; his role as a teacher has made students recognize the value of a vast knowledge of the subject, a dedicated interest in the students, and a heart-warming sense of humor.

Yet, not only has this individual been an inspiring teacher but he has also been a dedicated coach and an enthusiastic student council advisor as well.

We sincerely hope that this meager tribute will prove an effective token of our thanks to MR. JAMES J. FOLEY

Some last minute changes in strategy.

# CLASS DAY

On Saturday, June 8, 1963, Class Day Exercises took place for the Class of 1963. This was a day of reminiscence for the girls and boys who had gone through three years of high school together. Girls of the Class of 1964 served as marshalls to the graduating class.

As they listened to the reading of the class prophecy, fond remembrances must have been recalled. In addition, their class motto, "Character is the only true diploma," provided a fine perspective in helping the graduates face their oncoming tasks.

With the seniors singing the class song, "As We Go Forth," the ceremonies were concluded. This traditional event marks the final student tribute given by each graduate.

*SEATED*, L to R, Janet Nurnberger, Judith Toothman, Marion Keeley, Beverly Gibson, Sheila Mello. *STANDING*, Phyllis Champlin, Marcy Ficociello, Elaine Olson, Ellida Hetzel, Constance Pernokas.

*OUR PRINCESSES*

Decorated in varigated pastels, our auditorium was transformed into a veritable fairyland for the Junior Prom, "Fantasia."

This was the first formal affair for our class, and the beautiful weather certainly contributed in making this a night to remember. The grand march was led in traditional manner by our class officers and the members of the prom committee.

As the music floated across the floor, we danced until the magic hour of 11:00 P.M. Then the couples left reluctantly, certain of never forgetting one wonderful evening early in May.

OUR USHERS: *SEATED*, L to R, Robert Ames, Kenneth Canada, Richard Cameron. *STANDING*, Paul Haggerty, Dennis Franson, Gerald Potamis, Edward Langley, Dennis Hogue, Frederick Erwin, Charles Foley.

## CLASS ELECTIONS OCTOBER, 1963

Election results brought varied responses.

Shock — amid congratulations.

Dennis Franson casts his ballot.

The votes are tallied.

## CAMPAIGNS AND CANDIDATES

A great deal of enthusiasm was displayed in the Class Elections of October, 1963. Candidates from all four classes prepared attractive posters, using their ingenuity to create imaginative slogans for their campaigns.

At special assemblies the candidates were given an opportunity to address the members of their respective classes, and these contestants for class offices certainly deserve much credit for the fine speeches they delivered.

On election day, city voting machines were used for balloting. Sophomores and freshmen voted in the gym; seniors and juniors cast their ballots in the library. Votes were tallied so rapidly and efficiently that the results could be announced by the end of the school day.

Our Grand March

Shall we dance?

CLASS OFFICERS AND PROM COMMITTEE: SEATED, L to R, Janice O'Neill, Secretary, Carol Porter, Vice-President, Jeanne Mahoney, Treasurer. STANDING, Richard DelMonico, President, Elaine Olson, Phyllis Champlin, Frederick Erwin.

On Thursday morning, December 12, our senior dance committee and class officers were gazing out the window with Mr. Horrigan at the rapidly falling snow.

Would there be school the next day? That was the question. Should they begin decorating? How much should they do? Well, it was decided to put up only half of the canopy on Thursday, but to report to school at 7:00 A.M. Friday morning, if there was school.

Fortunately, the snow suddenly stopped Thursday night, and at 7:00 A.M. Friday morning, students were seen frantically decorating for "Frosty Frolics."

When the lovely ladies and their handsome escorts arrived Friday evening at 8:00 P.M., the trials of the day faded into oblivion, and everyone had a wonderful time.

## "JENNY KISSED ME"

The Senior Play this year, "Jenny Kissed Me," was, as usual, a tremendous success. However, little did the audience realize all the troubles this cast and Mr. Kimball had faced.

First of all, the members of the cast were not allowed to rehearse on the stage until five days before the big night. Did you say, "Why?" Well, because the stage was being used as a classroom.

This was only one of the problems encountered. Tuesday, four days before the play, the scenery was supposed to come, but it didn't. Wednesday arrived, but the scenery didn't. Finally, on Thursday morning, the scenery arrived.

As Friday night drew near, the cast had well-chewed fingernails and Mr. Kimball had already begun biting on his fingers. In spite of all these extra difficulties, this was "a really big show."

"There's **NOTHING**  
wrong with me!"

## *SWEETHEARTS ON PARADE*

Fine organization by the class officers, hard work well done by the dance committee, and the loyal patronage of the entire Sophomore Class resulted in a dance — "Sweethearts on Parade" — that was a tremendous success.

Gay red and white decorations within the auditorium created a festive atmosphere for the evening. During intermission, talented members of the class entertained their friends with favorite songs. The guests — parents and teachers — were then served refreshments by senior members of the Student Council.

Thus the Sophomore Dance of February 7, 1964, is sure to remain a social triumph in the memory of each member of the Class of 1966.

# FIFTY YEARS OLD AND STILL GOING STRONG!

This year, Woburn's Annual Public Speaking Contest will celebrate its fiftieth consecutive year, a record which in all probability makes it the oldest in New England and possibly in the entire country.

Let it never be said that our speaking contest is content to rest on its laurels, however, for each year the quality of performance becomes better, as more and more students try for the prizes awarded by the Woburn Women's Club for the top boy and girl speakers.

During the last fifty years, our format has changed little, maintaining a program of oratory interspersed with musical selections. After all, why tamper with such an excellent showcase for presenting Woburn High's oratorical talent?

Since the advent of television, good public speakers are in greater demand than ever before. Woburn High's students certainly show that they are keeping pace with the times. Daniel Webster, a Massachusetts native himself, would be proud of them!

## STUDENT COUNCIL *DEMOCRACY PRACTICED HERE, TOO*

Our city, state and national governments today, as in the past, are functioning by the expression of the will of the people through representatives. This government by the people is one of the basic democratic principles every American has inherited from the country's forefathers.

Woburn High's Student Council operates with this principle: rule of the students, by the students, and for the students.

Two of the activities sponsored by the Student Council this year were the Annual Class Elections and the Mother and Daughter Banquet. Because of President John F. Kennedy's assassination, the Annual Thanksgiving Day Booster Dance was cancelled.

The Student Council is not only a valuable part of school life but also a valuable training ground for democracy.

# INNITOU

## NEW DIMENSIONS

A yearbook, in new dimensions, reflects the transition taking place at Woburn High School. Formerly the INNITOU was 8" by 10½", but this year because of the increased enrollment at our High School, the book has been enlarged to 9" by 12", which is the size most frequently used at the college level.

One of the most important activities of our Senior year is the creation of a yearbook. The staff for the year was chosen in May of 1963, and the members have worked since that time on the book. During the summer, some of the staff members visited the American Yearbook Company in Maryland, observing how their book would be published and checking some of the details involved. In August, Vantine's set up a temporary studio in the auditorium where approximately three-fourths of the Seniors were photographed.

The contents of the yearbook will be reviewed for many years by many people; it reflects the accomplishment and memories dear to the members of the class of 1964.

Mr. Curran instructs Ann, Brendan and Tom, our Junior Representatives, on INNITOU procedures.

Elaine, Susan and Janet seemed to have enjoyed their stay in Maryland.

## SENTORIAN

Extra! Extra! Read all about it! Woburn High's newspaper is in the process of complete renovation this year. Major changes are being made to give our paper a "new look" concurrent with our new, modern school.

Among these changes are, first, the paper's new name: the SENTORIAN. Since the Tanner News had become outmoded by the advent of varied industries in Woburn and by the decrease in the number of tanneries, the time seemed ripe for a new title for our paper.

In keeping with this progressive spirit, the number of issues per year has been increased from four to six. Page number and printing style have also been changed, and several new features have been added.

Indeed, our SENTORIAN is not only very interesting to read but also very newsworthy in itself.

SEATED, L to R, Janice O'Neill, Shelia Madden, Miss Doris Lynch, Advisor, Dennis Hogue, Miss Arlene Lasky, Advisor, Ann Liddell, STANDING, Sharon Madden, Claudette d'Entremont, Maureen DuLong, Carol Porter, Linda Shannon.

nor, Jayne Hemsworth, *ROW 3*, James Perry, John Gunter, Stephen Smith, David Bramley, Thomas MacDonald, Henry Brunckhorst, Theodore Lundquist, John Weiss, Michael Kramer.

## SELECTIVE SERVICE

Scholarship, service, leadership, and character are the four requirements one must meet in order to be selected as a member of the National Honor Society. Mr. Ernest Mazzone has assumed direction of the Honor Society this year.

Members of the club attended, as a group, the movie "The Cardinal." Other activities of this club include volunteer services to aid various school and community activi-

ties. The proceeds of the February Cake Sale, for example, were used not only to defray the expenses of the Induction Ceremony but also to purchase books to be distributed through the Peace Corps.

At Woburn High School, it might be added, the student body is very proud of its National Honor Society.

## CIVIC LEADERS

Every year eight lucky Woburn High seniors are offered the privilege of closely observing our community's civic life. Two boys, chosen by the faculty, represent our school at weekly meetings of the Rotary Club.

Six girls, chosen on the basis of their standing in the senior class, attend semi-monthly meetings of the Woburn Women's Club.

In the future, we expect to see these boys and girls become leading citizens of the community themselves.

If you don't, you're missing quite a bit. Just ask a member of the German Club or the Advisor, Mrs. Martha Thompson, about its various activities.

Furthermore, wouldn't it be exciting to talk to your classmates in another language? Undoubtedly, the club members derive much satisfaction from conversational German.

A knowledge of foreign languages is of importance in the world today, and who knows when a working knowledge of this particular language will prove of value.

## EL CIRCULO ESPAÑOL

To anyone who has ever longed to visit historic Castile or festive Mexico City, membership in the Spanish Club might well offer the next best thing to an on-the-spot guided tour.

In the interest of all would-be globe trotters, El Circulo Espanol features, at various times, filmstrips, guest speakers, and student panel discussions on the landmarks and tourist attractions of the Spanish-speaking people.

By means of the same media, those who are culture-conscious can dabble in intellectual or controversial topics, ranging from El Greco to Picasso, Don Quixote to Castro.

But no matter where his interest lies, each member of this club shares more appreciatively in the rich Spanish tradition imprinted on our history, culture, and daily lives.

# R.N. AT YOUR SERVICE

Would you like to know more about nursing as a career? Well, on the second and last Tuesday of every month, visit Room 102 where the Future Nurses Club will be in session.

Under the dedicated direction of Miss Catherine Herlihy, the club performs such civic work as making and distributing Christmas favors for the patients at Choate Memorial Hospital. This is one of the services which is appreciated by the patients and which gives pleasure to the club members.

During the year there have been several nurses who have given enlightening discussions dealing with the many areas in nursing. This is certainly a profitable organization from the viewpoint of the students interested in nursing as a career.

# TEAS AND TEACHING

Perhaps you didn't know it, but the members of the Future Teachers Club get an inside preview of teaching, and the credit for this must be given to Miss Helen Sheeran, the director of the club. She makes the necessary arrangements so that each junior and senior member has the opportunity to observe a class at one of the various elementary schools.

The Future Teachers Club has received worthy note for its activities, too. For example, the Faculty Tea allows each member to become better acquainted with our faculty. Also, speakers are brought in from different fields of education to lecture at the monthly meetings.

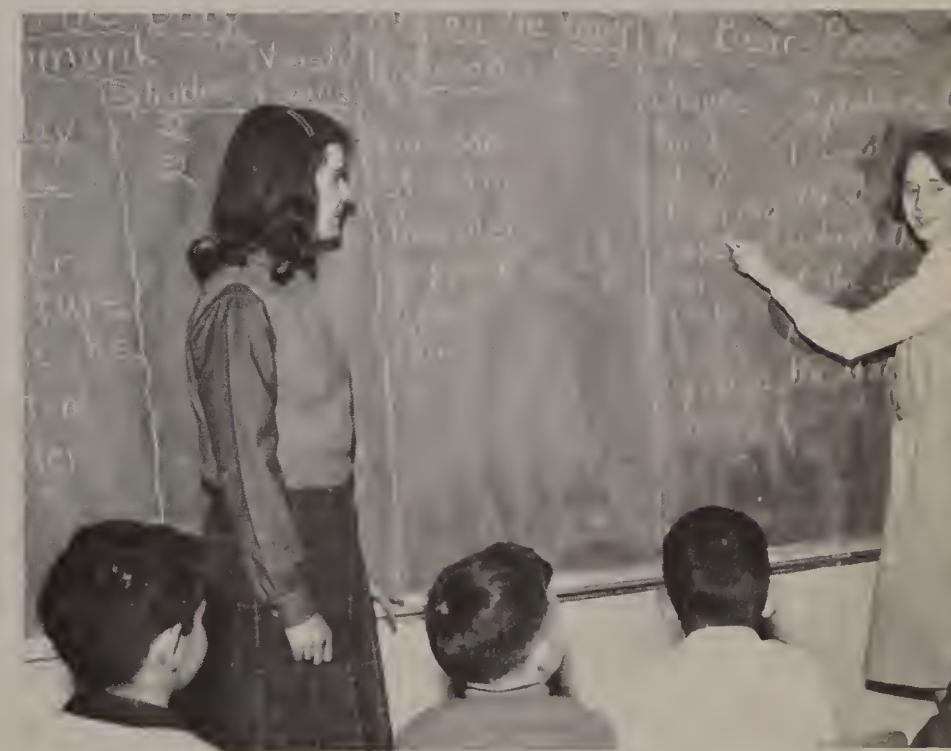

Yes, the Future Teachers Club of America really gives its members a fine insight into the field of teaching.

Miss Murphy and Ellen admire a work page.

SEATED, L to R, Mr. Jean Houde, Advisor, Beth Mahoney, Secretary, STANDING, Marcia Murphy, President, Kathleen Sullivan, Treasurer.

## *LATIN IS NOT DEAD*

Familiarizing its members with European civilizations is the main objective of the Classics Club. Guest lecturers make distant countries seem more real by showing colorful slides and by telling of their own personal experiences abroad.

One of the activities enjoyed by the club members this year was a tour of the Boston Museum of Fine Arts. As in past years, the club members also attended a movie of cultural value.

Mr. Houde discusses plans with club members for future activities.

## *A PROGRESSIVE MAGAZINE*

What's a NOMAD? As any literary-minded Woburn High student can testify, the NOMAD is a bright and breezy magazine designed to give students a chance to display their writing ability.

This year the NOMAD is, according to popular consensus, bigger and better than ever. Interesting short stories, encompassing everything from science fiction to humorous tales, abound, as well as stirring and unique poems. Recently a new feature has been added: a brief editorial concerning a topical event.

Perhaps someday NOMAD staffers may be able to beam with pride as a former contributor steps up to receive the Nobel Prize in literature. The prospect, judging by the quality of writing, is not at all implausible!

SEATED, L to R, Sharon Ludwig, Business Manager, Alice Ann Peterson, Assistant Editor, Carolyn Peaslee, Editor, Ellen Kaknes, Managing Editor, STANDING, Diane Codi, Elaine Gianakis, Diana Smith, Art Editor, Mr. Robert Gumbleton, Advisor, Beverly Gibson, Linda Nelson.

## A KEY ORGANIZATION

Dedicated to serving the school and the community, the Woburn High School Key Club is, therefore, a service organization. The club is under the auspices of the Kiwanis International of Woburn, Massachusetts.

Key-clubbers operate the check room at our school functions. This year they sponsored a float in the annual Halloween Parade.

Their program has included many interesting speakers: Rev. Nicholas Triantifilou, charter member of the Woburn High School Key Club; Rev. Allan Roche, who discussed a recent trip to India and Africa; Captain Alec Makarounis, Korean prisoner of war; and James Nyland, juvenile officer of the Lynn Police Department. These guests have information lectures on topics of great interest to the members of the "key organization."

The boys work hard on their float for the Lions Halloween Parade.

Mr. Varoutsos and Mr. Papetti, District Chairman, discuss Key Club plans.

## *WHAT EVERY WORKING GIRL SHOULD KNOW*

Former graduate Jo Anglim helps Sharon with her work.

As every smart businessman knows, his most important asset is a good secretary. Every businessman knows, too, that good secretaries are often hard to find. Woburn High has come up with an idea that should please executives everywhere: a Business Education Club for senior girls interested in office careers.

The desirability of extra qualities, such as "esprit de corps" and sociability, are emphasized at club meetings by faculty advisor, Miss Doris Lynch, who is often assisted by informative guest speakers.

Therefore, the girls are stimulated to acquire new office information and techniques. With such a formula, the future is certainly bright for any businessman lucky enough to hire a former Business Education Club member.

## FASHION NOTIONS

A bevy of beautiful girls! Where? Why, at the Hi-Teen Fashion Club, meeting on the second Monday of every month during the third period.

The club, under the very capable direction of Miss Barbara Dunbury, brings in various speakers who inform the girls of the many opportunities open to them in Home Economics.

One of the club's speakers, Mrs. Thompson, an excellent cake decorator, showed the girls how to decorate cakes for the Christmas season.

Included in the club's activities are a field trip in March, and, of course, the ever-popular Fashion Show in May. The Fashion Show is a "must", and the Senior Class treasury profits from its proceeds!

The girls appear fascinated by Mrs. Thompson's skill at cake decorating.

## WANTED: SCIENTISTS

*SEATED*, L to R, Susan Jones, Secretary, Alician Quinlan, Historian, Mr. Harry Maderosian, Advisor, Sandra Margeson, Treasurer, *STANDING*, Barbara Danehy, Vice President, Linda Tedesco, Mr. Robert Cohen, Advisor, Edward Lynch, President.

Under the guidance of Mr. Robert Cohen, Mr. William Horrigan, and Mr. Harry Maderosian, the Science Club encompasses the fields of Chemistry, Mathematics, and Biology.

Since its beginning in 1958, this club has sustained a large membership because it stimulates interest and participation in scientific investigation.

One result of this club can be found in the enthusiastic response to the Woburn High School Science Fair, wherein interested students may demonstrate their own projects to the public while competing for the coveted medals and certificates.

## MICROBE HUNTERS AT WORK

If you should ever peer into Room 355 after school on Mondays, you're very likely to find a group of Miss Zimmerman's budding scientists closely scrutinizing a plant or animal specimen.

These enthusiastic young botanists and zoologists, as you would soon discover, are partaking in one of the Biology Club's activities that are aimed at enriching their knowledge of the living world.

In addition to extra laboratory experience, the Biology Club features film-strips on such subjects as the insect world or the intricacies of the circulatory system.

Field trips have been made to well-known natural science museums and to some of industry's and medicine's modern laboratories. No doubt, the latter will become the future workshops of the members.

# FIGURES DON'T LIE

It's as easy as  $a^2+b^2=c^2$ . The members of the Math Club find exploring mathematical concepts both rewarding and enjoyable.

All students in both Upper and Lower Schools who are currently taking a college preparatory course in mathematics and who particularly enjoy this subject are welcome to join this club.

Contests between classes and talks by the faculty on such topics as History of Numbers, Number Bases, Golden Section, Computers, Topology have been included in the plans for this year. The club has also taken a field trip to the M.I.T. Computation Center.

*SEATED*, Miss Virginia Hall, Advisor, *STANDING*, L to R, Mr. David Reycroft, Advisor, Richard Leland, Vice President, Dennis Hogue, President, Agnes O'Connor, Treasurer, Sandra Zubel, Secretary.

## CLICKITY-CLACK!

Junior girls enrolled in the business course may join the Junior Assistants Club and use their expert typing skills in various ways. For example, the girls assist in office projects, such as sorting and alphabetizing; they also type projects for teachers.

Moreover, the club advisor, Miss Ruth Schribman, is constantly trying to emphasize the importance and usefulness of typing skills. This club, although new this year, has certainly created a fine impression on teachers who are delighted with the quality of the work accomplished by these girls.

*SEATED*, L to R, Janice Bennett, Treasurer, Miss Ruth Schribman, Advisor, *STANDING*, Marie Castiglione, President, Carol Morris, Vice President, Joyce Danca, Secretary.

*SEATED*, L to R, Richard Kramer, Donna Mollica, John Desmond, Treasurer, Marie Lacroix, Vice President, Barbara O'Neil, President, Nancy Soule, *STANDING*, Charles Callahan, James Koutrouba, John Seale, Mr. Matthew McNamara, Advisor, Thomas MacDonald, Peter Ryan, Michael Kramer.

## *DEALINGS OF A CLUB*

Participation in the Bridge Club has been steadily increasing since tournaments between the students have proven so exciting.

Under Mr. McNamara's direction, the club officers have planned various activities to help students improve their skill in playing bridge. The members of the club are aware of the importance of avid competition and fair play.

## *STATION W.H.S.*

Under the direction of Mr. Eric Allinson, the Radio Club prepares its members for the federal government examinations given to aspiring amateur radio operators.

Club members receive information on electronics and general radio procedures; informal meetings and discussions are frequently held.

Actually, the organization and operation of an amateur radio station at Woburn High School is a hope for the not-too-distant future.

## FRANCE IN PERSPECTIVE

French students, want to put some dash into syntax? Then join Le Circle Francais, and let its activities complement your grammar text. The program is geared to suit everyone's taste. Colorful films and slides are presented in the interest of prospective Riviera vacationers and Parisian tourists.

For the culture-conscious, Le Circle Francais sponsors an annual Christmas social, featuring guests from the four corners of the French-speaking world.

Tête-à-tête, the club's semi-annual publication, affords journalistic-minded members the opportunity to combine their knowledge of French with their writing skills.

In short, Le Circle Francais strives to give its members a taste of all the glorious aspects of French culture — except wine, that is.

## CLUBS AND CORSAGES

Anyone interested in art would find the Art Guild just the right club to join. The members of the guild discuss topics which cannot be given time in the classroom. The club is under the direction of Mr. Charron.

This year, for the first time the members made corsages to be sold during the Christmas season. These corsages could be seen all over the school around the holiday season and they gave an air of festivity to the school. We certainly hope that this practice will be continued in the years to come.

## AN ANNIVERSARY FOR ATHLETES

All girls who are students in good standing are eligible for membership in the Girls' Athletic Association.

This year marked the fifth anniversary of this organization, and its members enjoyed a large banquet. May the next five years be as successful.

## GIVE A CHEER

Lending vocal support to the cheerleaders at all the football games is the Pep Club, under the direction of Miss Susan Hart. Filling the bleachers each Saturday, members of the club do their best to give the players the incentive to fight for victory.

Approximately seventy-five students take time after school every day to practice various cheers and songs with the cheerleaders.

This year, Miss Hart has planned numerous activities, emphasizing school spirit and participation. Such enthusiasm makes the entire class aware of the importance of supporting our teams and cheering them on.

## CHEERS FOR OUR CHEERLEADERS

Perhaps our outstanding cheerleaders are the greatest factor to Woburn High's school spirit. Tirelessly, they cheer our boys through glorious victories and bitter defeats.

Through rigorous and steady practice sessions they master cheer after cheer to rally support behind our school teams, and, needless to say, their efforts are most appreciated by all of us.

In May the band, majorettes, color guard, and emblem bearers participated in a competition among the bands of this area. Colorful entertainment was provided at this "Music Festival" by a parade and a mass band concert.

This year our band members entertained the members of the Andover High band in a joint concert. The majorettes served as hostesses to the visiting musicians.

## AT WOBURN HIGH SCHOOL

What is necessary for a successful school function. Music is. Woburn High is proud of its fine orchestra which performs at many school activities, such as the Senior Play, the Public Speaking Contest, and the assemblies, thereby guaranteeing to some degree the success of all these events.

## FOOTBALL

For the second consecutive season our homeless Football team pushed a record of three wins and four losses. Injuries to key players, lack of facilities, and inability to move the ball consistently hampered the Tanners throughout the season.

Despite the record, however, there were many exciting moments last fall — the upset win over a strong Winthrop team; the hard running of backs Dave Veno, Tom Lynch, and Paul Lisacki; and the rugged line play of Co-captains Dick DelMonico and John Carbone.

Prospects for next year look very promising. With eight returning veterans and brand-new playing facilities, our football future at Woburn looms very bright.

## BASKETBALL

Although victories were few and hard to come by, the Basketball team this year — it can be said with no reservation whatsoever — showed determination, drive, and courage. No matter who the opponent, no matter what the score, the team did not know the meaning of the word "quit."

Despite the fact that they were consistently outmanned, the club, led by Captain Ed Langley and high-scoring forward Tom Lally, played a very exciting brand of ball and were always capable of pushing an opponent to the limit, as is attested to by their upset wins over Winthrop and Winchester.

Next year the basketball picture will be brighter because of five veteran starters plus a few outstanding prospects from Coach Jim Foley's team.

## HOCKEY

At last, after two years, hockey at Woburn High became a winning game. Led by Co-captains Jack Sullivan and Kevin Roche, the team played really exciting hockey throughout the season. The overall season record was 7 wins, 6 losses, and 5 ties, and the team qualified for the State Tournament. The 3 to 2 loss to Newton in the fourth overtime period made this the longest game ever played in the history of the tournament.

Fierce checking by Jack Sullivan, one of the league's better defensemen, spearheaded a fine Woburn defense. The goal tending of Wayne Susecki made the difference in many games. But the main reason for the team's success was the offensive power of Richie Callahan, Kevin Roche, and Tom Lynch.

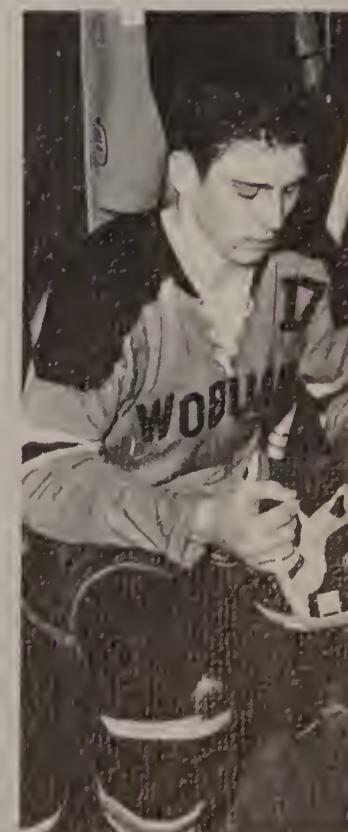

The future looks bright. With juniors Susecki, Callahan, Lynch, Nelson, Wright, and Flynn returning, Coach Connolly should feel the famine of winning teams is just about over for Woburn.

## BASEBALL

Four one-run losses were the difference between third place and a Northeastern Conference Championship for the McDonough-men last year. With a little more punch at the plate to back up the fine pitching of Eddie Langley and Ed Guldin, the Tanners would have found themselves competing in the State Tourney for the third consecutive year.

This season, with a good crop of veterans headed by conference batting champ Bob Galante, pitchers Eddie Langley and Ed Guldin, catcher Tom Lynch, and fine prospects from Coach Paul Sweeney's junior varsity team, a conference title and State Tourney birth are distinct possibilities.

## INDOOR TRACK

Captain Dave Veno's breaking of his own Essex League record for the 600 yard dash highlighted a somewhat disappointing season. Lacking depth in the high jump and long distance events, the track team lost several meets by close scores.

A pleasant surprise for the tracksters was the running of Peter O'Rourke, who excelled in the 600 behind Veno. With Hasselbaum and Seuffert in the dashes and "Del" doing the shot-putting, the track team was in contention until the season ended.

Dick DelMonico exhibits his skill with the shot-put.

## OUTDOOR TRACK

The Outdoor Track team is optimistic this year because of the experience gained by participating in a tough Indoor Track League.

The team, led by Captain Dave Veno, should be strong in the running events. If they pick up the needed depth in field events, the season should be very successful.

The construction of a permanent composition-type track as well as other new athletic facilities should prove a stimulus to this year's squad as well as those in the coming years.

OUTDOOR TRACK TEAM: *KNEELING*, L to R, Leonard McCloskey, David Berquist, Robert Hasselbaum, Rodney Flynn, David Veno, Captain, James Truitt, Robert Jordan. *STANDING*, Richard DelMonico, Dennis Hogue, Joseph Borselli, Anthony Lentine, Daniel Beecher, Richard Cameron.

## CROSS COUNTRY

Led by Captain Fred Erwin, the Cross Country team was expected to be one of the best in the league, but the final record of 2 wins, 7 losses, was disappointing. No one could explain this, since there were quite a few returning veterans, Dennis Hogue, Dan Beecher, Rodney Flynn, and Paul Haggerty, on the squad.

Next year, however, the team should perform well if the majority of the veterans live up to their potential.

VARSITY: SEATED, L to R, Jean Pellegrino, Lois Fiore, Alician Quinlan, Elizabeth Lewis and Jacqueline Amato, Co-captains, Barbara Neergaard, Joan McGurn, Coach Marie Seminatore. ## *“THIS ISN’T FOOTBALL, GIRLS”*

Miss Marie Seminatore's Basketball team has had its best season in years, with 11 wins and only 2 losses. Leading the offensive attack were high scorers Pat Gonsalves, Bebe Lewis, and Joan McGurn. Defensively, the hustle of Jackie Amato, Alician Quinlan, Diane Seavey, and Terry Varey was very effective.

Nevertheless, the team would not have been so effective without the support and skill of substitutes Paulette Addario, Lois Fiore, and Pat Klosowski, Barbara Neergaard, and Joanne Sankus.

Although most of the varsity is graduating, next year's team should continue this fine record.

## WATCH YOUR STICKS

Having completed the season with 2 wins, 2 losses, and 5 ties, the Field Hockey team under the coaching of Miss Geraldine Wegener, has shown much improvement this year.

The key to this successful season was the superb offensive playing of Jackie Amato, Lois Fiore, Pat Gonsalves, Pat Klosowski, and Charlene Metrano; the outstanding goal keeping by Joan McGurn, who allowed only five goals in nine games; and the noteworthy defensive playing by Mary Bolster, Ellen Feld, and Alician Quinlan.

## TENNIS TALK

The most inconspicuous team at Woburn High is the girls' Tennis team. This is understandable since this team is comprised of only a small number of players; however, it does exist. The record last year — 1 win, 1 tie, and 6 losses.

Things look promising this spring because there will be the addition of enthusiastic new players and the return of experienced players such as Mary Bolster, Lois Boissonneault, Denyse Brennan, and Diane Seagren.

The girls appreciated the skillful coaching of Miss Marie Butler and Miss Maryann Hurley, and they are eagerly anticipating their new coach, Miss Geraldine Wegener, who was for three years a member of the varsity team at the University of New Hampshire.

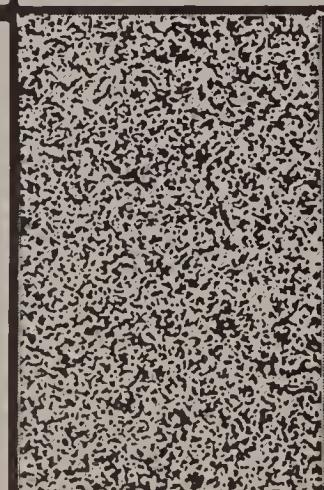

## STRIKE HER OUT!

Starting practice early in April, the Softball team hopes to have another undefeated season this year since many of last year's varsity players are returning. Varsity players who will give spark to the team are the team's leading hitter, Joan McGurn, and Bebe Lewis, who pitched several winning games last year. Also returning to the diamond are Jackie Amato, Lois Fiore, Pat Gonsalves, Pat Klosowski, Alician Quinlan, and Terry Varey.

## TOMORROW

Tomorrow opens her portals,  
Drawing in the meek and the bold, the hesitant  
and the eager.  
For those who dare to meet her openly,  
Testing their strength and will against hers,  
She will bring immeasurable joy.  
But for those who shrink from her gossamer web  
of change,  
Tomorrow will bring only sorrow.  
And disdain as cold as wintry eyes.  
Her challenge glows as brightly as a setting sun,  
Red-rimmed against a sea of multi-colored dreams  
That will either merge into the clear, azure blue  
of a sunny morn.  
Or sink into the gray oblivion of a cloudy day.  
To Tomorrow there is no difference:  
She continues to beckon and capture throughout  
Time.  
Always she holds the promise of true happiness  
and peace of mind.  
The reward for those who face her, strong and  
unafraid.

Class Poem  
by Judith Turner

## FOREVER

May we always walk with memories  
Of our years at Woburn High.  
May they never be forgotten;  
May our friendships never die.  
Now we travel on our own way,  
Keeping our dreams of the past.  
These four years of joy and laughter  
Meant so much but fled so fast.

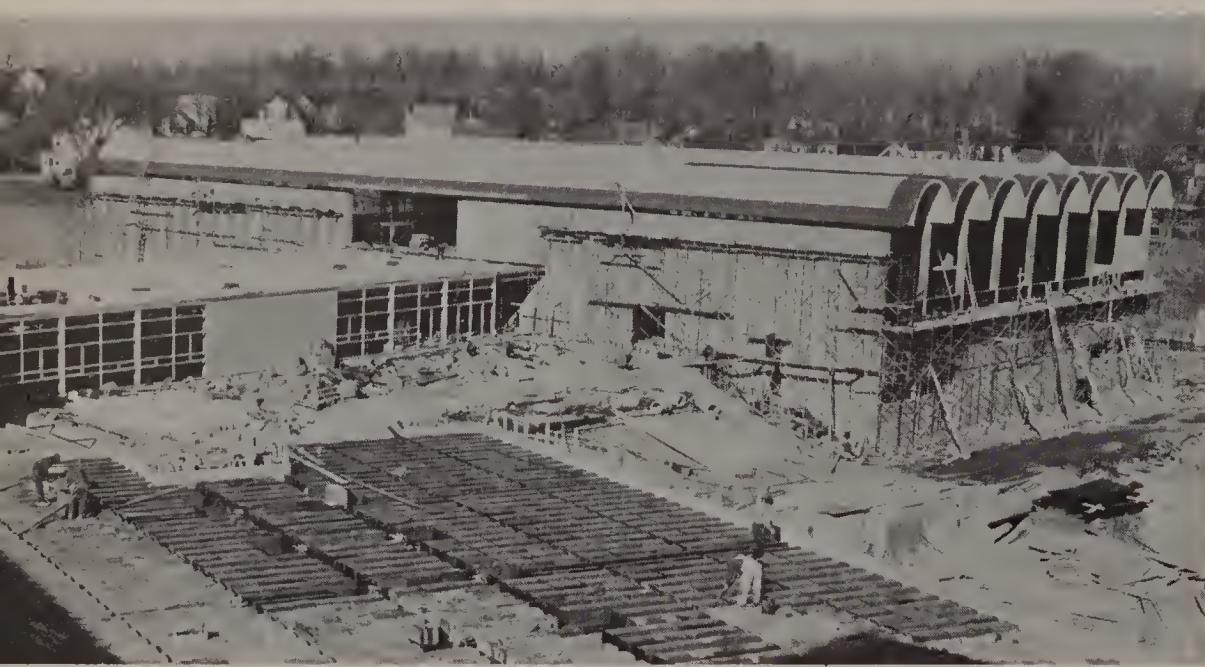

May our future bring us gladness;  
May our paths be bright;  
May all the knowledge we have gathered  
Be our special guiding light.  
Now it's time to leave forever,  
With a parting, saddened sigh.  
We look back and we'll remember —  
Black and Orange, good-by.

## *“M” DAY AT W.H.S.*

Much to the joy of both faculty and students, moving day finally came to Woburn High. Nowhere was the happiness greater, however, than among the INNITOU staff, since we had centered our theme around this transition from the old to the new addition. At last we could rest easy . . . the big day had come!

February 26 was moving day. As students walked into the new corridors, arms filled with books, many glanced back nostalgically at the old school, because, after all, it was home for a long time.

Now our home is quite different and a little hard to get accustomed to. Even when we get lost, however, we really don't mind. After all, we waited many months for this, and we love every minute of it.

## ACKNOWLEDGEMENTS

In this edition of the INNITOU, we have attempted to express the transition to new buildings and courses during this past school year. Attention has been paid, too, to the transition in the students' lives as they prepare to leave high school. Above all, we have tried to provide an interesting, memorable record of the high school years of the class of 1964. We sincerely hope our effort has been both successful and worthwhile. However, without the devoted help of many individuals, this yearbook could never have been produced. Therefore, we, the staff of the 1964 INNITOU, wish to thank the following for their individual aid.

First of all, in the field of photography, we wish to express our gratitude to the Warren Kay Valentine Studio, our class photographers, and, especially, Mrs. Camille Johnson, for her untiring efforts on our behalf. As we all know, without pictures a yearbook would be very dull indeed.

Next to receive our thanks is the American Yearbook Company, publisher of our volume. A special vote of gratitude goes to Mr. Richard Weir, our yearbook consultant, who has given us such fine co-operation and assistance.

Naturally, every yearbook needs to be concerned with such down-to-earth subjects as printing and publicity. To Mr. James L. Buckley goes our sincere appreciation for his priceless advice regarding printing techniques. To the *Woburn Daily Times*, we offer immeasurable gratitude for its generous publicity and for the use of photographs.

We would be most remiss if we failed to acknowledge the skill and effort contributed by the following members of the INNITOU staff: Susan O'Connor and Elaine Olson, co-editors; Janet Nurnberger, senior editor; and Judy Turner, copy editor. Their initiative was a necessary factor in the completion of our publication.

Any list of acknowledgments would be incomplete if it failed to include the citizens of Woburn and the Administration and Faculty of Woburn High. Citizens of Woburn, your strong support in our annual Patron and Advertising Drive played a major role in financing this yearbook. To our Administration and Faculty, we give the highest praise for co-operation above and beyond the call of duty in this venture.

Last, but certainly not least, we wish to offer deep and heartfelt thanks and appreciation to our advisors, Mr. Curran and Miss Dunsford, and to Mrs. Curran, for her untiring efforts in helping our typists with mounds of paperwork. We shall always remember with the highest regard Miss Dunsford's unstinting efforts with the literary staff, and we shall not forget Mr. Curran's complete devotion to this yearbook. His unfailing efforts to make this yearbook the best ever will surely not go unnoticed.

To all of these people, the staff of the 1964 INNITOU says thanks. Without them, this yearbook would never have been possible. We cannot find words enough to express our deep gratitude, but their assistance will never be forgotten.
